INTRODUCTION
WINTER 2024/2025

The Trespass® philosophy and passion is about making outdoor lifestyles more accessible for everyone - no matter your age, gender, experience or background.

For this reason, we focus on producing high quality outdoor clothing, footwear and equipment that is technical as well as affordable. Our in-house research and development teams design and create unique pieces to suit a variety of outdoor, high-energy and extreme weather conditions.

Using materials such as down insulation, antibacterial Merino wool, softshell and fleece as well as our own highly technical fabric technologies such as: Tres-tex®, Tres-shield®, AirTrap®, DuoSkin® and many more.

You'll always be able to find a Trespass® product to suit your needs as well as your budget.

Enjoy outdoor pursuits like skiing, snowboarding, hiking, camping, cycling, festivals and a variety of other activities, without breaking the bank. Trespass® has luxury technical clothing and footwear suitable for any level of intensity.

Benefit from waterproof technology, breathable properties, windproof and UV ray protection, quick drying fabrics and so much more.

We also offer highly technical clothing for children, with young families in mind, as we believe it's never too early to explore the outdoors.

So what are you waiting for? Be active and get involved today with high performance and technical clothing, footwear and equipment from our Autumn and Winter 2023/2024 range.

TECHNOLOGY GUIDE

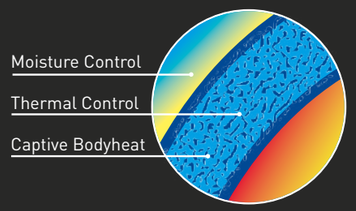

tres-tex®
WATERPROOF & BREATHABLE FABRIC

Waterproof, Windproof and Breathable Fabric - This performance fabric is used in many of our ranges. Ideal for active, highly mobile pursuits. Supple, durable and functional coatings and surface treatments help repel water and work with your layering system to draw moisture away from your body.

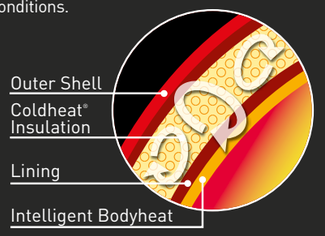

AIRTRAP®
PERFORMANCE FLEECE

Designed for comfort and warmth - Soft, light, breathable, anti-pil fleece, these garments are a versatile mid-layer. The special structure of Airtrap® not only stretches to give you freedom of movement but creates airspaces that trap and hold your body heat.

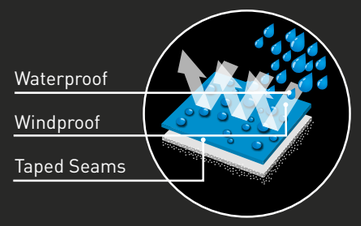

COLDHEAT®
COLDHEAT INSULATION • THERMOISOLIERUNG • ISOLATION THERMIQUE

Coldheat Insulation. Lightweight, durable and soft lofted fibres trap and hold the heat generated by your body, giving you maximum freedom of movement allowing you to stay comfortable in the most arctic of conditions.

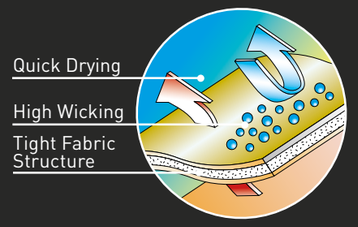

TRES-SHIELD™
WATERPROOF & WINDPROOF FABRIC

Waterproof and Windproof Fabric - This performance fabric is used to produce a range of great value outerwear. Ideal for bad weather situations. Supple and durable, functional coatings and surface treatments help repel water and wind keeping you comfortable.

DUOSKIN

Duoskin® Intelligent Fabric from Trespass® - Effectively draws moisture away from the skin. This moisture quickly evaporates when brought to the surface of the fabric, leaving you dry and comfortable. Tightly woven fibres, high wicking and quick drying.

COOLMAX

Coolmax® fabric offers soft, lightweight and breathable comfort. It wicks moisture away from your body keeping you cool, dry and comfortable.

PACKAWAY

Be prepared without sacrificing weight and space in your pack. Packaway garments are lightweight, adjustable and less bulky yet retain their performance.

U.V.

Specially woven fibres shield the skin underneath from the sun's ultraviolet rays, providing an added layer of protection from the elements.

DWR

DWR is a durable water repellent finish which provides a protective wall from water droplets on the outer layer of the garment. DWR is not waterproof, but does reduce condensation forming, aiding breathability so less moisture reaches your skin.

MOSKITOPHOBIA

Provides a major line in defence against irritating, biting insects. Moskitophobia® contains Lycra®, giving comfortable stretch properties. Moskitophobia® is also fast drying and high wicking, maintaining unparalleled personal luxury. Easy-wear, easy-care.

INTELLIGENT®

An inspired solution to the cold weather problem. Reflective surfaces send back valuable warmth that would otherwise escape. By reflecting the body's heat, intelligent use of materials can reduce bulk and padding with insulated outerwear.

TAPED SEAMS

Every seam produced creates hundreds of needle holes that water can get through. Applying a thermoplastic tape under heat and pressure will seal the seams to keep moisture from passing through. Taped seams keep you drier and warmer.

OUR RATINGS EXPLAINED

TRESPASS TP RATINGS

Finding the right combination of waterproofing and breathability to meet your exact needs is crucial if you want to stay warm, dry and comfortable in any condition. We make finding the fabric that's right for you easy, with our tiered rating system.

The quick reference guide lets you zone in, indicating where this particular item sits in the Technical Performance range. Choose the 'TP rating' to satisfy your needs or activity. The higher rating means increased features/performance.

Age is just an approximation of size. The height of the child gives a much better indication of which size to buy.

SPONSORSHIPS & EVENTS

As well as the regular 'TRADE ONLY' shows we feel it is important to stay in touch with the public, maintaining a presence with the real end users.

GREAT BRITAIN CHILDREN'S SKI TEAM & SKI ACADEMY

We have a longstanding partnership with the British Children's Ski Team and are as pleased as ever to be associated with such a fantastic organisation. The youngsters regularly demonstrate skills on the slopes that would put most adults to shame as they compete for titles throughout Europe.

As they carve success into the snow at home and abroad, they do so wearing Trespass® from top to toe.

BUCS (BRITISH UNIVERSITIES & COLLEGES SPORT)

Trespass® is the official sportswear sponsor of Team GBR for BUCS (British Universities & College Sport). We have provided the teams with performance wear and technical gear for the past three events of Winter World University Games, Trentino, Granada, and Almaty, Kazakhstan.

Trespass® were proud to again provide the uniform for Team GB at the previous 2019 Winter Universiade in Krasnoyarsk, the first time the games have taken place in Russia.

GLASGOW LIFE

In 2014, Trespass® was the Official Casual Uniform Provider for Glasgow 2014 Commonwealth Games. Following on from this hugely successful partnership, Trespass® has worked with Glasgow Life to develop uniforms for all Glasgow Sport staff in a 3 year partnership. This will see staff in all Glasgow Life's 22 sports centres and 12 swimming pools wearing uniforms developed and supplied by Trespass®.

SNOWCASE– THE CHARITY ART PROJECT

Trespass® asked 13 artists from around the UK to design a unique ski helmet to be auctioned off for a selection of charities for our Snowcase charity art project. With helmets created by internationally renowned illustrators, graffiti artists, contemporary artists and tattoo artists, Snowcase raised much needed funds for a variety of great causes.

UHC KLOTEN-DIETLIKON JETS

Trespass® is proud to continue their partnership with one of Europe's most competitive ladies floorball team for the 4th year in a row. We wish the team every success as they continue their journey from strength to strength and will be following their progress on their pursuit to re-gain the national title in the upcoming season.

SCOTTISH SKI CLUB

Trespass® is pleased to partner with the Scottish Ski Club (SSC) and continue to promote our brand and partnership through the provision of high quality ski clothing for their upcoming events. Founded in 1907, the SSC has for over 100 years, promoted all forms of skiing in Scotland and membership is open to anyone with an interest in skiing. In line with our vision to make outdoor activities accessible for everyone, the SSC's wealth of experience and knowledge paired with their outreach and ski community work makes them perfect partner for us.

VISIT SCOTLAND CAMPAIGN

Trespass® teamed up with Visit Scotland's John Muir Day campaign to offer a fantastic prize for a family of four. The campaign involved events and activities around the John Muir Way, helping more people make the most of Scotland's fantastic outdoors.

GREENER SCOTLAND CAMPAIGN

Each year the Scottish Government run a climate change campaign with the aim to encourage Scots to adopt greener behaviours. The ultimate goal is to create a cleaner, greener Scotland.

FIFE SISTERS ZOO, WEST CALDER

We are happy to provide the staff uniforms of Fife Sisters Zoo in West Calder. Established in 2005 and privately owned, their mission is to encourage the conservation of endangered wildlife and create a safe and natural environment for all 180 different species in their collection. A cause that we are happy to support.

GLASGOW TIGERS SPEEDWAY

Established in 1946, Glasgow Tigers Speedway are the West of Scotland's only professional motorsport team. Racing in the north of Glasgow, the Tigers race against rival clubs from across the UK on Friday nights at the recently renovated Peugeot Ashfield Stadium. Speedway is one of the most exciting forms of motorsport, it offers a unique blend of individual skill and courage.

The riders race four at a time, on an oval track on bikes that go from 0-60 in 2.5 seconds with only one gear and no brakes. The official clothing partnership with Trespass marks a celebration of 90 years of the sport being in Glasgow. It has featured in various areas of the city such as Parkhead, Whitecity and Shawfield before its current home in Possilpark.

The Glasgow Tigers team now wear their Trespass® uniform to speedway events across the UK and their fans proudly sport the same Glasgow Tigers / Trespass® kit .

SCOTTISH SPCA

Here at Trespass® we recently launched a sub brand - Trespaws®. Our brand ethos is to enhance our four-legged friends' adventures with performance accessories for dogs. Our products are made with practicality and comfort in mind at all times. We believe in helping dogs from all walks of life so it was only natural for us to start working with the Scottish SPCA.

The Scottish SPCA do amazing work with all wildlife so we were keen to start supporting them. It all started with donating all of our samples from our first product run. It then it grew arms and legs. Our most recent project involved building a Sensory Garden for puppies who have experienced mistreatment. We also assembled a network of volunteers who gave up their free time to help socialise the puppies and make them comfortable around humans again.
We see a bright future working with the Scottish SPCA and look forward to continuing our support with them.

If you want to keep track of events or join in on the social media front, Trespass® is available via Instagram, Facebook, X (Twitter) & Blog.
